URGENT NATURE

Doctor Gina, I respectfully ask you to look after my sustenance. Doctor, I have to move my family from where they are to the city of Barranquilla due to health issues with my mother-in-law, and many problems where I have my family now. My mother-in-law is 82 years old and my immediate family does not have an 'e.p.s.' where whatever you send to my wife is invested in expenses and I am asking you to provide me with viability. The big problem that my family has with the economic issue is the following:
 the owner of the house informed my wife that the apartment needed to be vacated by no later than the 30th of this month and my family can no longer stay in that sector.

For this reason, and because of the possibility of a prison transfer to the city of Barranquilla, I ask you for the favor of helping my family with the expenses, travel expenses for the move to the city of Barranquilla, since trip is scheduled for the first week of March and my family will move this month to that city. For this reason, I am also requesting your collaboration in delivering the monthly allowance early, possibly between March 1 and March 4. I am grateful for the help you can provide to my family and me.

Doctor, I provide you with a detail of my family's monthly expenses:

Monthly lease with utilities.	\$600.000.
Monthly food expenses	600.000.
██████████' monthly expenses education, e.p.s. and transportation	150.000.
██████████' monthly expenses education, e.p.s. and transportation	150.000.
